# STUDENT RESEARCH: NAMING A MOUNTAIN PEAK

While conducting research to measure and confirm the elevation of Silver Bow County's highest point, Table Mountain, a group of Montana Tech students came across a heretofore unnamed peak designated as Peak 10131 (which denotes its height). They requested and were granted permission to take on another research project to go through the technical and bureaucratic process of giving a name of "Montana Tech Peak" to the unnamed peak.

**HighlandsCollege**  
OF MONTANA TECH

Montana Tech students, Jon Craig (Engineering) and Larissa Watson (Civil Engineering Technology), are leading this effort. Presentations will be prepared and made to the Silver Bow and Madison County Governments. Applications will be made to the relevant various state and federal agencies.
