STUDENT RESEARCH: STUDENTS HELPING STUDENTS

Petroleum Engineering student, Calven Goza, was injured in an accident last May and now requires the use of a wheelchair. Calven returned to Tech this Spring semester, but in order for that to happen, his Butte home required some modifications to become wheelchair accessible. Highlands College Construction Technology students decided to use their skills to make the injured student's home wheelchair accessible.

The students designed and constructed an exterior ramp leading up to the house.

HighlandsCollege
OF MONTANA TECH

The students designed and constructed a new floor with interior ramps between levels in the house.

Students:

PJ Bonney, Construction Technology
Tyler Cahoon, Construction Technology
Tyson Dippold, Construction Technology
Paul Hart, Historic Preservation
JJ Potvin, Construction Technology
Jim Strande, Construction Technology
Billy Walker, Construction Technology
Keith West, Construction Technology

Faculty Sponsor: Bill Ryan, Construction Technology
