Re: Approval Letter Butte Priority Soils Operable Unit Resubmittal of the Grove Gulch Sedimentation Bay 100% Remedial Design (submitted on July 10, 2024)

Dear Mr. Bryson:

The U. S. Environmental Protection Agency (EPA), in consultation with the Montana Department of Environmental Quality (DEQ), is providing approval of the resubmitted Grove Gulch Sedimentation Bay 100% Remedial Design, that was submitted to the agencies on July 10, 2024. Attached you will find the EPA crosswalk for the construction monitoring quality assurance project plan (QAPP) and the approval page that needs to be attached to the QAPP and distributed as final. The Agencies request that you submit the preconstruction submittals for review and approval prior to mobilization to the site. We look forward to seeing construction begin and we appreciate your team's hard work and dedication in finalizing this remedial design.

Sincerely,

Emma Rott, PE
Remedial Project Manager
