**Outstanding Performance Given by MSM Masquers**

The first part of Henry the Fourth was presented Tuesday, March 27, in the School of Mines campus by the Montana State University, of the Department of Theatre. Especially outstanding performances especially outstanding performances were given by Alan Naslund of Mines campus by the Montana State University. In 1968, Modern Masquer was begun with The Play of the Western World, under the direction of Loyce Finn. Mrs. H. F. Brown, is the present chairman of the department. In 1957, Mrs. Brown assumed direction of the annual Masquer tour. As his theatrical predecessors, he holds firmly to the belief that good live theater should be a part of every Montana's life experience.

The day-performance performance schedule is in the pattern in 1962. The tour will cover more than 2,500 miles and, with a one-concert tour, will bring touring theater to more than thirteen different Montana auditories.

**Pierce Addresses AIME**

Mr. Roger V. Pierce, president-elect of the AIME, addressed the joint session of the Montana Section of AIME, and the Anaconda-Carlyle Society of the evening of April 2. Mr. Pierce's talk was a challenge to the mineral industry in the economy of the nation by the contest for supremacy between the Eastern and the Western powers. The need for good engineers in the mineral industry was also discussed by Mrs. Pierce, who said that Montana School of Mines graduates need the firm support of the institution.

**Dorn Has Beds and TV**

After the best demonstration of March 13, the Registrar's office announced that new beds had been ordered on January 19 and would arrive at the Residence Hall within a month. This would mean they would arrive in the middle of April. When students return from Easter vacation they should find new beds in place of the old ones, if things go right. There will be 70 new beds, while there are 88 students living in dorm at the present time. Twenty-eight students were asked to volunteer to keep their beds for the remainder of the year.

**Rhos Initiative**

After formal initiation in the Ross Lounge, Sigma Rho fraternity held the annual district meeting at the Vegas Club. Those attending were Lewis Gansell, Arthur Ditto, Richard Howitt, and Wallace Dusen. Mrs. Rhos submitted papers on the history and the memorial of the immortal, Miss Hillary, as one critic of the world.

Yet it is not Palmquist who is the true center of the play, though we often think of him as the personable, common sense leader of the group. Western man has taken to heart the immortal Falstaff, as one critic of the stage and helps us reflect upon the true meaning of an abstract concept.

Mrs. H. G. Dean Named To Mines Executive Board

The office of Gov, Tim Babcock announced the appointments to executive boards of various Montana Colleges and Western institutions. Mrs. H. G. Dean of Butte was appointed to the Executive Board of the Montana School of Mines. Mrs. H. G. Dean of Butte, has been active in civic and business affairs here. She is a graduate of Western Montana College and a member of the Butte Library Board and the Butte Regional Board. The three-year appointments, subject to approval of the State Board of Education, are effective

Don Roberts Presents Seminar

Mr. Don Roberts, graduate petroleum engineering student, presented a seminar titled "Hydrodynamics in Oil Accumulation." The seminar was open to all students and faculty on March 23 at 4:00 PM in the Petroleum Building. Roberts discussed the development of hydrodynamics from fundamental principles and the importance of hydrodynamics in oil accumulation. Using several slides, Mr. Roberts explained how hydrodynamics could cause the fluid oil-water interface to form in some oil fields. A hypothetical case was presented, which could be solved by hydrodynamic principles.

Don Roberts, a second-year graduate student, explained how hydrodynamics could cause the fluid oil-water interface to form in some oil fields. A hypothetical case was presented, which could be solved by hydrodynamic principles.

Rock-Breaking Seminar Presented

Mr. Francis Young presented a seminar titled "Hydrodynamics in Oil Accumulation." The seminar was open to all students and faculty on March 23 at 4:00 PM in the Petroleum Building. Young discussed the development of hydrodynamics from fundamental principles and the importance of hydrodynamics in oil accumulation.

One of the outstanding events of the semester is the annual dinner dance, which was held on March 23. The dance was held in the University Ballroom and was attended by faculty, staff, and students. The dance featured live music by the University Jazz Band and a variety of food and drinks. The dance was a great success, and participants enjoyed the evening.

National Library Week: April 8-14

"Read and watch your world grow." This slogan, for national Library Week, is being featured on the campus this week. The M.S.M. Library joins other libraries of the nation in displaying posters delineating the slogan, and presenting a collection of books to encourage the habit of reading.

The national observance of Library Week started in 1958, and is a concerted effort to focus public attention on the importance of reading in the growth of the individual, and in the development of an informed citizenry capable of dealing with the complexities of the modern world. Libraries, if used fully, and properly supported, are a key factor in this national program.

In the M.S.M. Library, an interesting collection of new books, and new editions of other titles is now on display. The selection includes books for general reading as well as books in the field of science and engineering. Titles reissued in paperback editions are also represented.

European Studies Program Opens

The application period for three 1962-63 European studies programs has begun and interested European studies majors are encouraged to apply. The programs are scheduled to open Monday, April 22nd.

The programs, located in Vienna, Paris, and Freiburg, West Germany, are open to sophomores and juniors. The application period will extend through June 15.

The European Year is a concerted effort to focus public attention on the importance of European studies.

To shape this ability, intensive language sessions are conducted in Paris before classes begin. Two study trips are conducted during the program, one to Madrid, and the other to London.

The program is in an "honors" semester, limited to sophomores and juniors with a strong background in their chosen language.

The program includes books for general reading as well as books in the field of science and engineering. Titles reissued in paperback editions are also represented.

AIME Nominees

The Anderson-Carleof Society met March 27 for the purpose of nominating candidates for the office of President and Vice-President for next year. Dave Roberts, an upperclassman, was nominated for the office of President. The nominating committee, consisting of Cal Strobel and nominated for the office of Secretary. The Vice-presidents of the various sections are separately elected by each section. The election will take place at the May meeting of the society.

It was terrible, Auntie," confided the teen-age girl, "I had to change my seat at the movie three times last night.

"Someone's trying to bother you," said the girl. "Yes," replied the girl. "Finally, I sank that 40 foot putt."
Baseball Begins

Baseball season at MSM has begun. The team has been practicing for the past month and will continue until the end of March. With the start of the season, the team has established a new record by winning all its first four games. The team has won by forfeit over Tau III because of a lack of players.

Robert M. Sullivan scored 14 points for the winners with 20, while the losers were led by Pete Atkinson with 9 and Senne added 8 points. Those who have been playing include Hyppa and Ugrin.

Mineral Club Hunts Fossils

On Sunday morning, April 1, the members of the Mineral Club met at the start of the storm and proceeded to the Pipestone formation and to Jefferson Canyon in search of fossils. Some fossils were found that the squat boy always wanted to find one and they are well worth the trip. A plan to sponsor a building competition for the 1970-1971 season was approved by the Founders' Day committee. The date for the Founder's Day celebration was set for May 13, however the date may be changed to May 6.

"That barmid in Detroit was fired because she refused to wear the regulation uniform while working. The uniform consisted of high heel shoes, black mesh hose and a skin-tight bikini-style outfit. We don't blame her for refusing to wear it. It is asking too much to expect barmaids to work in high heel shoes."

—Edward Apkog, Overway (Mich.) News.

Tanz Talles

Coming social events were the main item of discussion at an open meeting of Psi Chapter of Theta Tau held March 29 in the Tau lounge. Members approved an entry by Bill Tiddy to sponsor a mixer April 3, at which time a program of music and dancing will be held. The dress will be black tie.

The shoes worn by American astronauts in space are made of nylon. . . The favorite American hymn is "The Old Rugged Cross". Three out of every five American families buy their own homes . . . Frederick the Great had his coffee made with chamomile tea instead of water ...

More than 60 world record fishing catches have been made in Montana. . . And more than 50% of the change are women . . . There are 2,500 languages in the world . . . Teenage—spleen without the hypern—means bushwood used for fences and hedges ...

National Theta Tau Officer To Visit

Mr. Robert C. Pope, Grand Scribe, has notified Mary Anne, Romance, that he will make an official visit to Psi Chapter of Theta Tau. Mr. Pope will visit the MSM campus from May 4 to May 7. Following his visit, Mr. Pope expects to spend a couple of days at MSC.

The Cements Just For the Weight, Dear

Mr. Paul Bolton did practically all his work calling for the Theta Tau Officers when he scored 24 points, while Jenks had only 18. Jenks had the highest score for the losers, with 14 points while Wilkes was high man for the team. Those who have been thinking about it may see Coach Simich immediately.

Co-eds Attend Convention

Three Montana Schools of Mines co-ed representatives attended the State Convention of Associated Women Students held on the Carroll College campus March 10-11. The girls attending were Jeanne Boyle, Pauline Kankelborg, and Carol Gerold.

The purpose of the group is to give the women of the state a stronger voice in handling the operations of the Associated Women Students. Those who have been thinking about it may see Coach Simich immediately.

Fit for a Queen

Meet next week Pat Weaver, America's National College Queen. She and her court of Regional College Queens chose ten beautiful rings from Artcarved's award-winning designs. None of them, or any other of the rings, have ever been seen in the world. The world's strongest proof of genuine quality and value. Learn why you'll be pleased with an Artcarved.

Artcarved: Diamond and Wedding Rings

From $100.

HORD'S JEWELRY

39 W. Park

Butte, Montana

"Sure he meant it. I've been fighting for myself ever since I was a child."
“It was all right to take off your long johns this week. But don’t pack ‘em away too deep in the mothballs. Sprip.g ain’t sprung yet.”—J. D. Bliczard, Dillon (T. S.) Herald.

Why is a woman who will spend $15 for a beautiful slip-s-and get $1.80 change?—How come your long johns this week. But don’t pack ‘em away too deep in the mothballs. Sprip.g ain’t sprung yet.”—J. D. Bliczard, Dillon (T. S.) Herald.

There were welcome new members: Mrs. Uuno Saito, 33 West Park St. and Mrs. Yuno Saito, 136’ West Park. Prospective members: Mrs. Force Fields and Mrs. Brookes. They were encouraged to continue their studies.

Dr. Groff to Run

Dr. S. L. Groff, head of the Groundwater Bureau of the School of Mines, has announced his candidacy for the seat in the House of Representatives, now held by the incumbent Arnold Olsen. It will be necessary for him to campaign as much as possible in his spare time unless he receives necessary financial backing which enable him to hire a leave of absence in order to campaign full time. “The biggest problem facing an aspirant for political office is the acquiring of sufficient financial backing; for a full time campaign it would cost approximately $5,000 per person.”

The club will sponsor a card party and style show, May 6 at 7:30 p.m., that will be open to the public. There is a $1.00 charge. A $5 gift certificate will be given away and a hair dryer will be raf-
doned. Anyone wishing reservations is asked to call Sharon Tyner 792-3539, or Barbara Bray 729-8005.

The club also sponsors a bridge club that meets every Monday, and Wednesday.

Congratulations to Arne Gutf-

feld who was a United States citizen on March 19, 1962.

AIME Auxiliary Plans Tea

The regular meeting of the Women’s Auxiliary to the Ameri-
can Institute of Mining, Metallurgical and Petroleum Engineers was held Wednesday at the Finlen Hotel in Butte, Montana.

“Working hard to keep Montana metals competitive”

The primaries for the up-corn-
ing election will be held on the third Tuesday in June and filing must be completed by the last week of May in April. To date Dr. Groff has only one opponent in the primary election.

Dr. S. L. Groff
